

Email sent to Year 2 Parent/Carers on Thurs 6th March 2025 re. Science experiments:

Dear Year 2 Parent/Carer,

Year 2 Science – Home-made slime experiments

Next week, as part of our science learning, we will be using three different slimes to carry out experiments such as stretch and viscosity tests. The children may be handling the slime.

Please look at the list below and let us know if you have any concerns with regards to allergies. Gloves could be provided if needed.

Ingredients used in Slime Week:

Cornflour

Batter - Flour, eggs and soy milk

Custard

Please speak to your class teacher or email the office on office@broadwaterce.org if you have any concerns.

Kind regards,
School Office on behalf of Year 2 Staff
